- **Topic 2: xxx Hunters Point Naval Shipyard (R9/CA):** On May 3, Region 9 briefed staff for Speaker Nancy Pelosi and Senators Dianne Feinstein and Kamala Harris. The purpose of the briefing was to update the Congressional offices on EPA's April 11 letter to the Navy. The letter proposes a plan for the Navy to phase in field work and complete documents so they can strategically move forward in a technically defensible and transparent process that confirms cleanup goals are protective of human health. The Congressional staff asked questions about schedule and next steps. They also asked for clarification on the future re-work process at other parcels, and how the Five-Year Review report and the Parcel G Work Plan relate to one another. The Office of Congressional and Intergovernmental Affairs EPA OCIR also participated in the meeting.

- Topic 3-ASTSWMO Mid-Year Meeting: FFRRO attended the Mid-Year Meeting on May 1-2 and re-engaged with ASTSWMO staff and state members with a focus on new projects under the recently-awarded Cooperative Agreement. The Federal Facility Subcommittee's State Federal Coordination Focus Group will meet in Washington, DC on August 14-15 and the Remediation and Reuse Focus Group will meet August 21-22. FFRRO will join the groups for a portion of those meetings.

- Defense Environmental Restoration Program (DERP) Forum: FFRRO, along with FFEO, ORD and Regional personnel, attended the DERP Forum May 7-9 in St. Louis, MO. The theme of the meeting was "Achieving Greater Success Through Strong Partnerships" and had nearly 200 DoD, EPA and states participants and This was the first DERP Forum in the last 10 years. EPA participated through a Plenary address by Peter Wright, as well as by presenting and chairing sessions on PFAS, munitions response and partnering.
